## Exterior

**Outside** - Communal grounds.  
Residents and visitors parking areas.

**About Longford** - Longford is a district of the London Borough of Hillingdon, on the north western perimeter of London Heathrow Airport. Longford village is a linear development astride the original Bath Road and as such close to the M25/ M4 motorway networks with the newer Junction 14 of the M25 for Terminal 5 airport roads only.

There are several hotels, a McDonalds fast food restaurant and a petrol service station just on the outskirts of the Village and two Public Houses within the Village centre.

The area is characterized by an historic village core and similar-sized green buffer zones and much of the land surrounding the village of Longford is within the Metropolitan Green Belt.

Many of its buildings are included in the Longford Village Conservation Area which includes seven listed buildings. An old building, Yeomans, which has been subdivided into three flats is listed. Other listed buildings include Longford Cottage, Queen River Cottage and adjoining Willow Tree Cottage and King's Bridge which is the name of the 1834-built main bridge by the very last building at the west end of the (old) Bath Road street, which crosses the nearby siphoned off Longford River, which Charles I had constructed; this feeds Bushy Park and Hampton Court Gardens.

Historically, Longford may be founded on a small Saxon settlement dating from the 5th to 7th century AD.

TOTAL FLOOR AREA: 558 sq.ft. (51.9 sq.m.) approx.

Whilst every attempt has been made to ensure the accuracy of the floorplan contained here, measurements of doors, windows, rooms and any other items are approximate and no responsibility is taken for any error, omission or mis-statement.
